At the auction, I will sell the tax lien to the winning bidder. The sale will be for cash or other payment method acceptable to the tax collector, in legal tender money of the United States.

At any time prior to the institution of an action to enforce the tax lien, the tax lien may be extinguished by paying the price paid at auction together with interest at the rate established at the tax lien auction which shall not exceed one percent (1%) per month on a noncompounding basis computed on the amount paid at auction by the tax lien certificate purchaser until terminated, a penalty at the rate of five percent (5%), and costs reimbursable pursuant to R.S. 47:2156. The termination payment shall also include the amount of any subsequent parish and municipal statutory impositions paid by the tax lien certificate holder, together with the applicable five percent (5%) penalty and any applicable interest computed on the statutory impositions at a rate of one percent (1%) per month on a noncompounding basis.
